

**THE COUNTRY MEMBERS CARRIED**

Their Point, and the Commissioners Appropriate for Work Asked Out of the Treasury for The Law Provides That Shall be Done by the Local Levy.

All the members of the Board of County Commissioners were present at the regular monthly meeting yesterday except Mr. Stocker, of Ritchie district. The license refused to A. Pestinger at the last previous meeting was on recommendation granted by Mr. Maxwell moved to reconsider the vote by which H. F. Hartlieb was granted license, and that the license be revoked. This was ruled out of order.

Then the road appropriation was taken up. Mr. Pickett read the law forbidding the taxing of citizens of an incorporated town or city which constructs and maintains its own streets, for the purpose of maintaining country roads. Messrs. Boring and Peterson also opposed the appropriations, while Messrs. Stein and Maxwell favored them. A motion to suspend the rules and take up the monthly report and another to take a recess, were rejected. Resolutions were taken up one at a time and acted upon.

The appropriation of \$300 to the Valley Grove & Middle Wheeling Creek road was reduced to \$250. The \$300 asked for the Wheeling, West Liberty & Belmar roads was increased from \$75 to \$100. Messrs. Woods, Trice, Maxwell, Nicholas and Stein for, and Messrs. Peterson, Pickett, Delbrugge and Boring against, a vote which was repeated on nearly every question. A recess was then taken until 2 o'clock.

At 2 o'clock the Board reassembled, and the roads were again begun seriatim. In each case one of the minority moved to reduce, but the majority refused. On nearly every item the majority carried by the whole amount asked was given. In several cases it was asserted that roads were partly completed from each end, leaving an impassable gap in the middle.

Mr. Bethany Pike in Liberty district was given \$250, the former sum appropriated to the same road being for Triadelphia district. The Wheeling & Fairmont Pike was given \$300; West Liberty & Honey's Point, \$800; Peninsula road, \$200; Kincaid, \$100; division of \$5 to all less important roads sums varying from \$50 to \$300. When the original list was completed, the aggregate of the appropriations granted was \$12,000. The proposition to appropriate \$300 for new excavations of the Union Hill road caused an extended discussion. Mr. Pickett moved to strike it out; lost. Another motion to reduce to \$300 was also rejected, but another to scale to \$700 was carried. T. Caldwell's route (Fairmont) caused a similar vote limiting, got \$200 and Steadman's bridge \$50 (for coat of paint), a total of \$12,950, a reduction of \$950 from the estimate of the committee.

On the motion to adopt as a whole, Mr. Delbrugge moved to reduce the whole to \$2,000. He said the committee did not expect to get the whole amount recommended; a member of the committee told him so.

Mr. Stein said this language was insulting; he did not want no such talk talked.

Mr. Delbrugge—"It is immaterial to Mr. President, whether the gentlemen wants 'such talk talked' or not. I assure that a member of the committee told me that they did not expect to get such an sum as asked to be granted."

Mr. Stein—"That is not the truth!"

Mr. Delbrugge—"It is true. You must tell the truth!"

Mr. Peterson, who was in the chair called the occupants, who were before their feet in adjoining seats, to order.

Mr. Delbrugge said the member he referred to was Mr. Stocker, who told him \$8,000 or \$10,000 would be an ample appropriation.

Mr. Boring said Mr. Stocker told him the same thing.

Mr. Maxwell said it was easy to quote what a member said when that member was not present. Mr. Stocker told him the appropriations ought to be made higher.

Mr. Delbrugge wanted to know if it was not as easy for Mr. Maxwell to quote an absent member as for other gentlemen. He proceeded to argue in favor of his motion. The committee did not expect appropriations an outrage.

His motion was rejected—5 to 4—Mr. Boring moved to scale down the total 20 percent. This was also rejected, and Mr. Pickett moved to scale the percentage both ways, the win scale 10 percent; lost. Mr. Delbrugge moved to scale 5 percent; lost.

Mr. Woods moved to adopt as a whole, carried.

As far as the following amounts were ordered paid: On account of Court House and jail, \$634.29; Poor House and farm, \$152.54; county poor, \$740.72.

The President was authorized to give proxy to vote the county's stock in the Baltimore & Ohio Railroad.

The meeting to be held at Parkersburg next week, and on motion of Mr. Pickett the Board adjourned till 10 A. M. to-day.

There Are Few Drugs that can make a large profit on an article than to wait for the property immediately results from honest dealing. This is the reason why many dealers, who are honest, will sell their goods at a loss rather than to risk the possibility of being deceived. In the case of medicine, the public are cautioned against buying cheaply made goods, as they will be disappointed. The genuine item is the only one that will give satisfaction. The name of the dealer is the only one that will give satisfaction. The name of the dealer is the only one that will give satisfaction.
